

Cookie Program Patches

Have you ordered your additional 2025 Cookie Program patches from the shop yet? Place your **order today**. These are available for a limited time so order right away.

Planned Orders

The Planned Order scheduled for **Sunday, March 9 at midnight** will be this seasons **last planned order**. As you may have noticed, Gluten Free are no longer available on the Planned Order grid. Adventurefuls and Toast Yays! are also experiencing low quantities. We do expect these varieties to flow in and out of the inventory cupboards through exchanges beginning with this weeks' Planned Order requests, but we have no way of knowing for certain what those numbers will be. Be certain to continue to list in the comments section the number of packages still needed and we will process what we can as they go in and out of cupboards.

Straight Talk: The council has made it's **final** inventory purchase for the season. We will do our **very** best to accommodate everyone's **March 9 Planned Order** requests, but is important to know now that your orders may be reduced. Utilize the **GSKH Swap group** for Troop Cookie Managers, SU pages and troop-to-troop opportunities.

Cupboard Availability

The following cupboards will be open for the last Planned Order availability:

- Emporia Express
- Garden City Inventory
- Hays Inventory
- Salina Inventory
- Wichita Inventory

All other cupboards have completed their season and will not be available after March 8.

Remember: Your Express Cupboard Managers are volunteers like yourselves, who give of their time and talent to support Cookie Program efforts. Not unlike yourselves, they all have day jobs, sometimes two, and kids to wrangle about. Please take a minute to show your appreciation on your last visit. We know without their involvement, life would be a whole lot different for all of us.

Thank you! Amie, Sean, Larissa, Shaylie and Tiffany for another great season!

Online Order Process

From Digital Cookie, have you pulled an All Order Data report lately? This is the perfect report to determine if you have all online In-Person Delivery and Share (Donations) orders accounted for by each Girl Scout in your troop.

These transactions **do not** automatically move to Smart Cookies; only the money transaction does. As Troop Cookie Managers, you **must** input these into Smart Cookies for Girl Scouts to get credit for them.

If you are struggling with this process or have questions, **do not delay**. Contact your Product Program Specialist to gain assistance before the end of the season is upon you.

Check Your Email Spam

We have been hearing that a lot of the emails being sent your way for numerous reason are hitting Spam/Junk email boxes. Please be sure and check this area and let us know if you have not received information you feel you should have gotten.

Next edition of Cookie Corner is March 11.
