

Girl Rewards

Reminder: When it comes to rewards participants earn and the choices (this includes t-shirt/hoodie sizes) made in Digital Cookie, Troop Cookie Managers must also manually enter these choices in Smart Cookies. This information **does not** transfer from Digital Cookie.

Important fact: The rewards order is based on the information in Smart Cookies, not Digital Cookie.

Smart Cookie will automatically calculate all the things, just like previous, but **you** must make the choices. T-shirt/hoodie sizes can be found on the Participation Permission Form and if you have a participant who has sold 1200+,

you will need to ask her what her choices are.

If your troop is a Junior level or higher and is opting-out of rewards, be certain to set this option in Smart Cookies:

- My Troop
- Troop Information
 - Proceed Plan: Opt Out Patches Only
 - Troop Recognition Plan: Patches Only Opt Out
- Scroll down and **update information**

End-of-Program Audit

Now that the 2024 Cookie Program has officially ended, it is time to begin the end-of-program audit process.

The council does understand that there will be troops with excess inventory, but it is best to proceed with your audit. Do not linger on this process. It is through the audit that you will inform council how many extra packages you have remaining. Your Product Program Specialist will work directly with each troop regarding any audit needs. Postponing your audit may have a negative impact on your troop and council recognitions or any future troop participation in other product programs.

Don't delay!

Reminders:

Be sure and keep your *TroopCookies, Inc.* guide handy. The Action Calendar Checklist on pages 4 and 5 are most essential to stay on track in 2024.

The next edition of *Cookie Corner* will be March 26.

Have a question? Don't be shy!
