

Girl Scouts of Kansas Heartland Health History and Authorization Form

Section A and B: (personal information, health history, authorizations) is to be completed for all Girl Scout activities and turned in to a troop volunteer or program staff. Complete information is essential to provide the care the participant may need. This form is confidential and will be stored in a secure location; records will only be released to volunteers and program staff to provide adequate participant safety and health care during Girl Scout activities and as required for medical treatment, referral, billing or insurance purposes. The Health History and Authorization Form must be reviewed annually. When changes are necessary, complete a new form.
