New this year!

Are there volunteers in your service unit or community that need 1st Aid/CPR/AED training?

How about Outdoor Leadership?

If you can gather at least 4 adults who are in need and available, we will help you put together a training in your area. You'll need to send an email to info@gskh.org letting us know what your needs are.

A staff member will reach back to discuss a date, time and location that will work for you and a volunteer trainer. Once that is set, we'll add to Campwise for registration and help to promote the training.
