

Beyond the Troop Girls Give Back

Festival of Giving is a unique community service event held annually for Girl Scouts across KS. This event is designed to make a huge impact in the communities within the Heartland by supporting other charitable agencies.

- * **Wear your Girl Scout gear to show your GS pride!**
- * Each service unit selects an agency that serves one or more counties within the region.
- * We encourage all Girl Scouts to participate in providing gifts for the agencies. Let's show our community what Girls Scouts is all about!
- * Girls should work with adults to learn more about the agency and their needs. Each Girl Scout troop/group or individual girl can make or purchase gifts to meet the needs of the designated agency. See the back of this flyer for a list of items the agency needs.
- * Participating girls will receive a patch when they drop off items at the agency.

Please register at www.kansasgirlscouts.org > Events to receive a patch
